Subject: FW: Insurance for SAB Members

Rick,
Approval to waive the insurance requirement rests with you. Please confirm if you concur with George's recommendation so that I can let Risk Management/Legal know our intentions.

Thanks,
Valerie

Based the nature of the work they will perform and on the strong objections of some SAB members in the past to the previous insurance clauses I would recommend that we do not specify insurance coverage in these contracts.
George

Subject: Insurance for SAB Members

George,
Before we can move forward with completing the agreements for the Product Assessment Science Advisory Board members, Legal has asked us to confirm whether or not we want to require insurance (liability/automobile/worker's comp) of the individual SAB members. Please let me know your preference.

If you indicate that you do not want to require insurance of the individual members, I will need to confirm Rick' approval before communicating our intentions to Risk Management/Legal.

Thanks,
Valerie
